mr.scientist have you seen the refiner yet?
TCR 11-10 19:37:07

for the third time, i will tell you if i see something.
sorry. i thought we would see him as soon as we enter his castle fortress thing.
Anti-Roise Establishment

anti-roise establish. the refiner must be after her too.
yea no s**t. let’s keep looking for him.
Anti-Roise Establishment

they know cadfrey, their probably enemies if they came to this place
huh. your right every thing does look destroyed and a raid definitely could have caused this.
what the heck, every in here is destroyed. WAIT. CADFREY TOLD ME ABOUT THIS! ROSIE AND SHARKY RAIDED THIS PLACE!

come on let’s keep moving.
I HATE THIS!! WHERE IS THE STUPID REFINDER!!!

LIGHT POINT
DEADLY SPARK
maybe up
their wil-
yeah maybe up
thei-

cough *cough*
cough

i can’t feel anything…

my head...
where am i?
X

i can’t take this, it’s like there's electricity in my ears. this is really sh!#y.

...
X

so you gonna tell me why you decided to infiltrate the preserved land. you should know not to come here, of course if you know cadfrey that is.

how am i supposed to know. this place is off limits, no?
huh? your friends with cadfrey, you should know about this place.
z z

his brother huh, guess your pretty strong, wheres he been these last months?
cadfrey talked about the woods not this abandoned village castle thing. and i'm also his brother, dumb&^@
z z

that's probably what you think. cadfrey's a whole lot stronger than you think.
he's been with his family at his house. i thought that would be self-explanatory.
z z

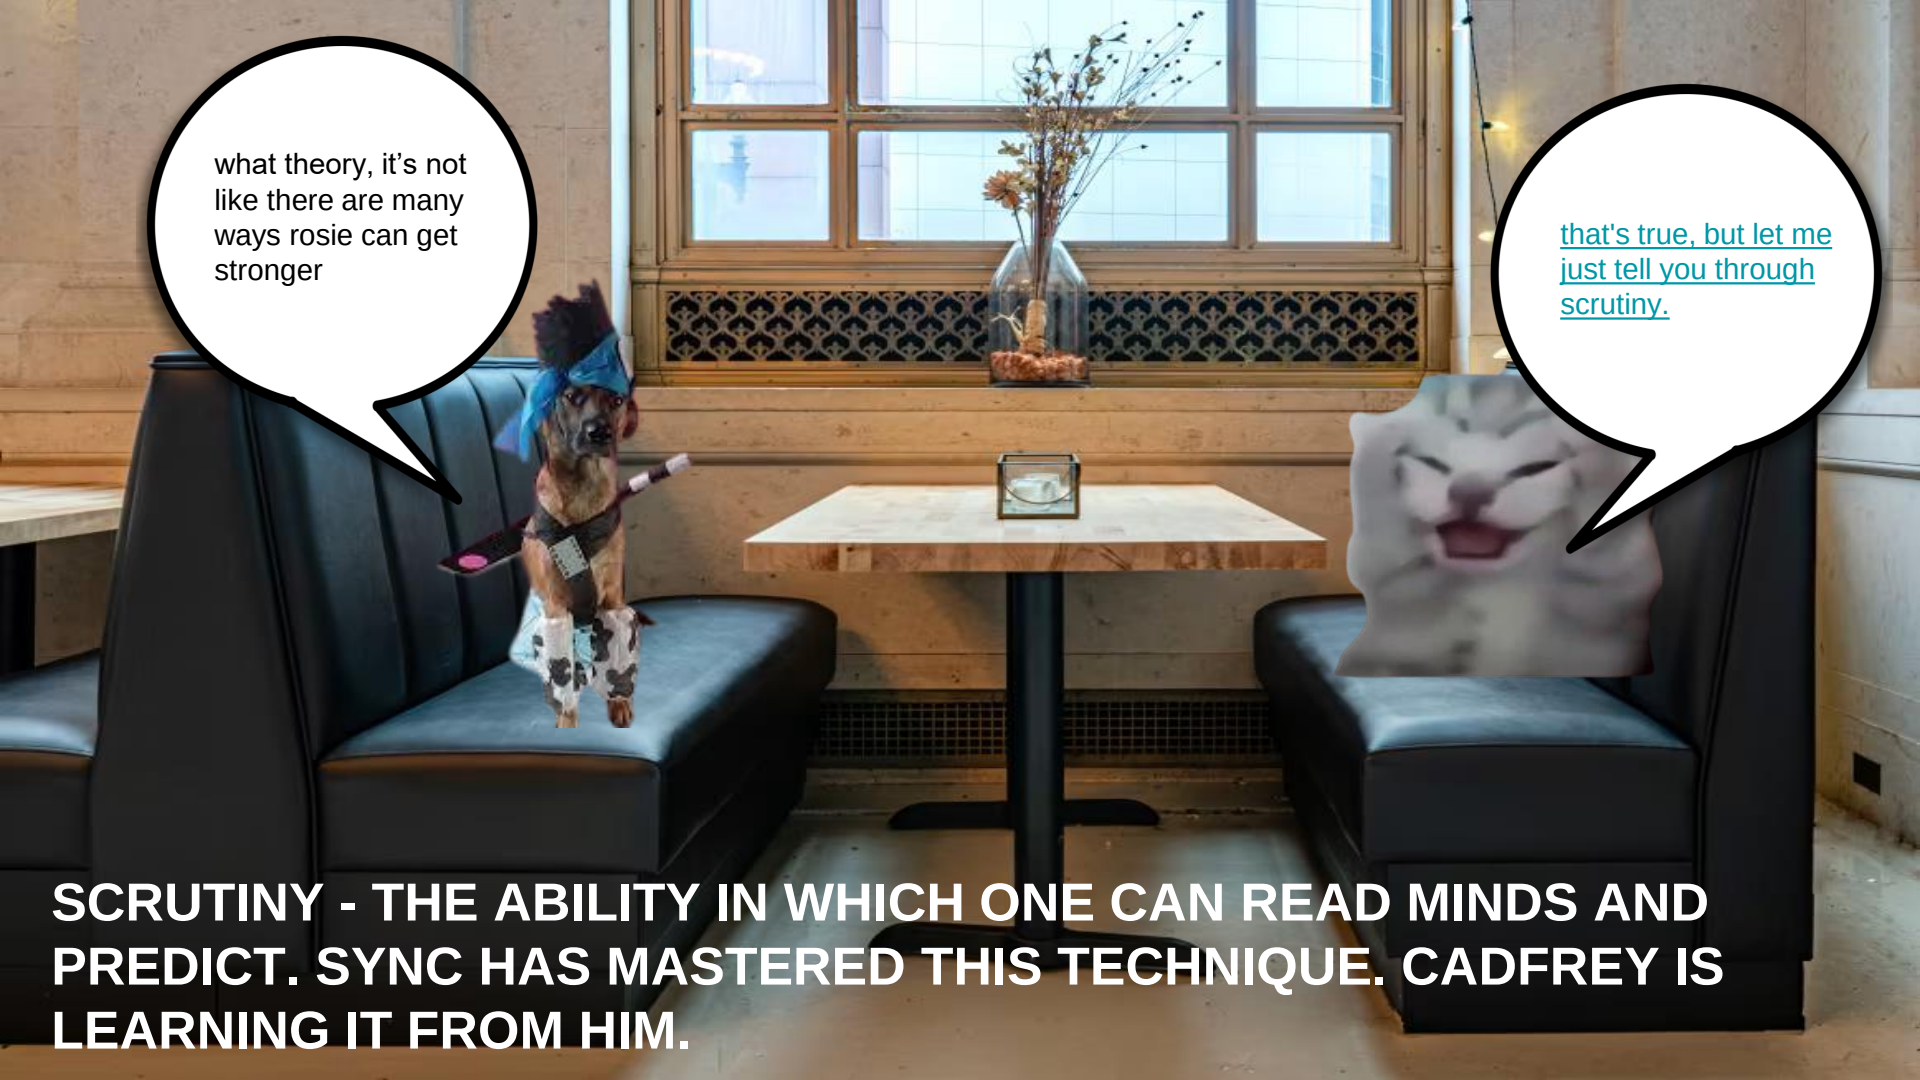
since the dawn of cadfrey's birth he was born a warrior. he was sent to these camps by rosie for training, then rosie gave cadfrey challenges. he ventured into the woods where we met, then i told him the truth… this was a trap to capture people who could have stalled her plan. i took him to this very village where we stayed until cadfrey got homesick. i helped him get home right on time for your 3rd birthday party. i went back to this place though, helping lost like him… until me and the hannibal met.
so what happened after you and hannibal found each other?
z z

hannibal found we worthy of helping him mold reality. after we made the world incorruptible, he gave me the honor of being the refiner, able to mold matter, dimensions, the universe, multiverse, exoverse and so on. unfortunately the glitch is corrupting now.
so your the refiner? makes sense i couldn't keep up with you when you attacked us. but wait, isn't rosie not conquering the world because of me.
Z
Z

if you are the chosen one, than sort of. rosie is currently much stronger than you. the only reason she hasn't made her move yet is because of cadfrey. realistically, cadfrey could kill rosie, and has been ordered by the government to do so. but cadfrey told me something.
what did he tell you?
z z

has the CATO even ordered you to kill rosie yet?
of course they have, she's the biggest threat humanity has ever seen, but i'm gonna lay it off.

why not? it’s easy money considering your the strongest person alive, to lazy or somethin?
nah, but i want a challenge, and i have a theory. something that could shake the world.



SCRUTINY - THE ABILITY IN WHICH ONE CAN READ MINDS AND PREDICT. SYNC HAS MASTERED THIS TECHNIQUE. CADFREY IS LEARNING IT FROM HIM.

HOW COULD SHE DO THAT. IS ROSIE THAT STRONG?
it’s cause of my little brother. he’s getting much stronger and he’s sure to cause some trouble. he also knows hannibal.

you never told me your little brother was the child of prophecy!
well to be fair, my little brother is the child of prophecy.

it should be fun, apparently the last raiora incarnation was 300 years ago. a lot longer than it’s supposed to be, so she's probably stronger.
i’ll have to go out for a bit, maybe a month or so. but i’ll be back for the week of prophecy

he predicted-
z z

THAT ROSIE WOULD CONSUME THE GLITCH.

oh and sorry about the electricity
HOW? CONSUME. I THOUGHT THE GLITCH WAS JUST A-HOW!\
Z Z

the glitch is more than just a thing, it's a substance.
WHGSA A /SUBSTWUA? SWHAT!? CONSIUM!?.. OK OK, so wdym by asborb the glitch, ts is so confusing.
Z Z

the glitch is a substance since it flows into every crack putting, holding, controlling reality.
that's interesting, but what even is this place? we had to use scientists memory to get here. gps and maps didn't even show this place.
Z Z

this place doesn't exist. it is hidden from reality as a place to hide when roise hunts. i created this world. that's why i was so alarmed when you came. there are many other people here.
i'm genuinely confuzzled but whatever vro. if your the refiner could you infuse the glitch into this frying pan, maybe give it a cool look.
Z Z

i will but you must be careful. this item will be able to cut reality, and destroy anything. you must use it for good- i'll shut up you want a sword?
bet, a sword would be thrull.
Z Z

sorry about knocking you out mr.snow.
BANDANA LOOK OUT!!!
mr.science man it’s fine he’s the refiner, cadfrey’s old friend. he’s gonna make me a sword to kill sharky and rosie.

you just learned his name bro?
yea why do you think sharky kidnapped me?
WAIT MR.SNOW IS YOUR NAME!? YOU WERE THE ONE THAT DEVELOPED TECHNOLOGY IN AFRICA. I HEARD ABOUT YOU!

there’s a specific spot we must be at.
alright mr.snow you ready to see a weapon of ultimate power? do your thing refiner.
bandana you talked to the glitch you should know the refiner needs to be in a special spot.

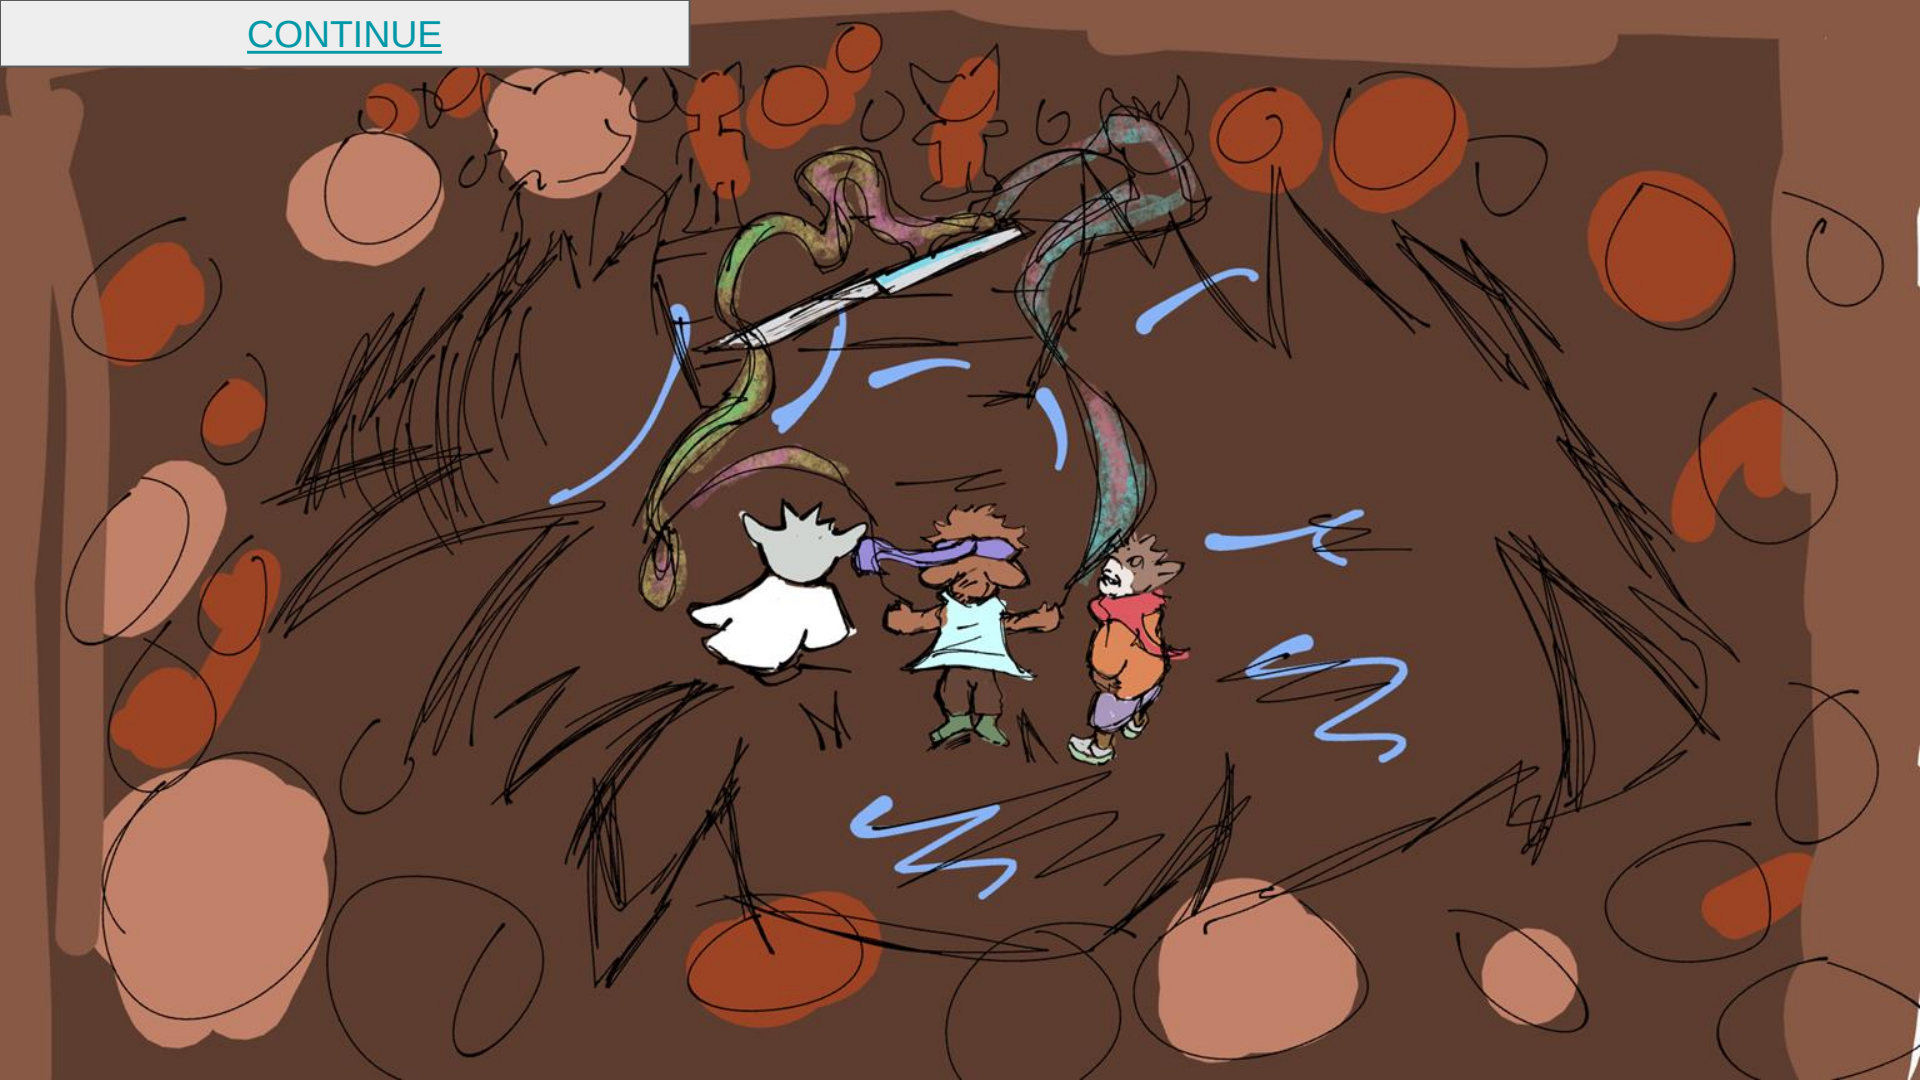
so your saying we gotta infuse it in this crater.
yes, hannibal specifically created this crater for me. it’d take to long to explain.

alright theres the pan refiner, make the sword look sick.
gotcha yung bull, les cook.
hopefully i'll learn something out of this.

???!?!
LETS GO, FULL GLITCH..
huh.. the pan is floating?

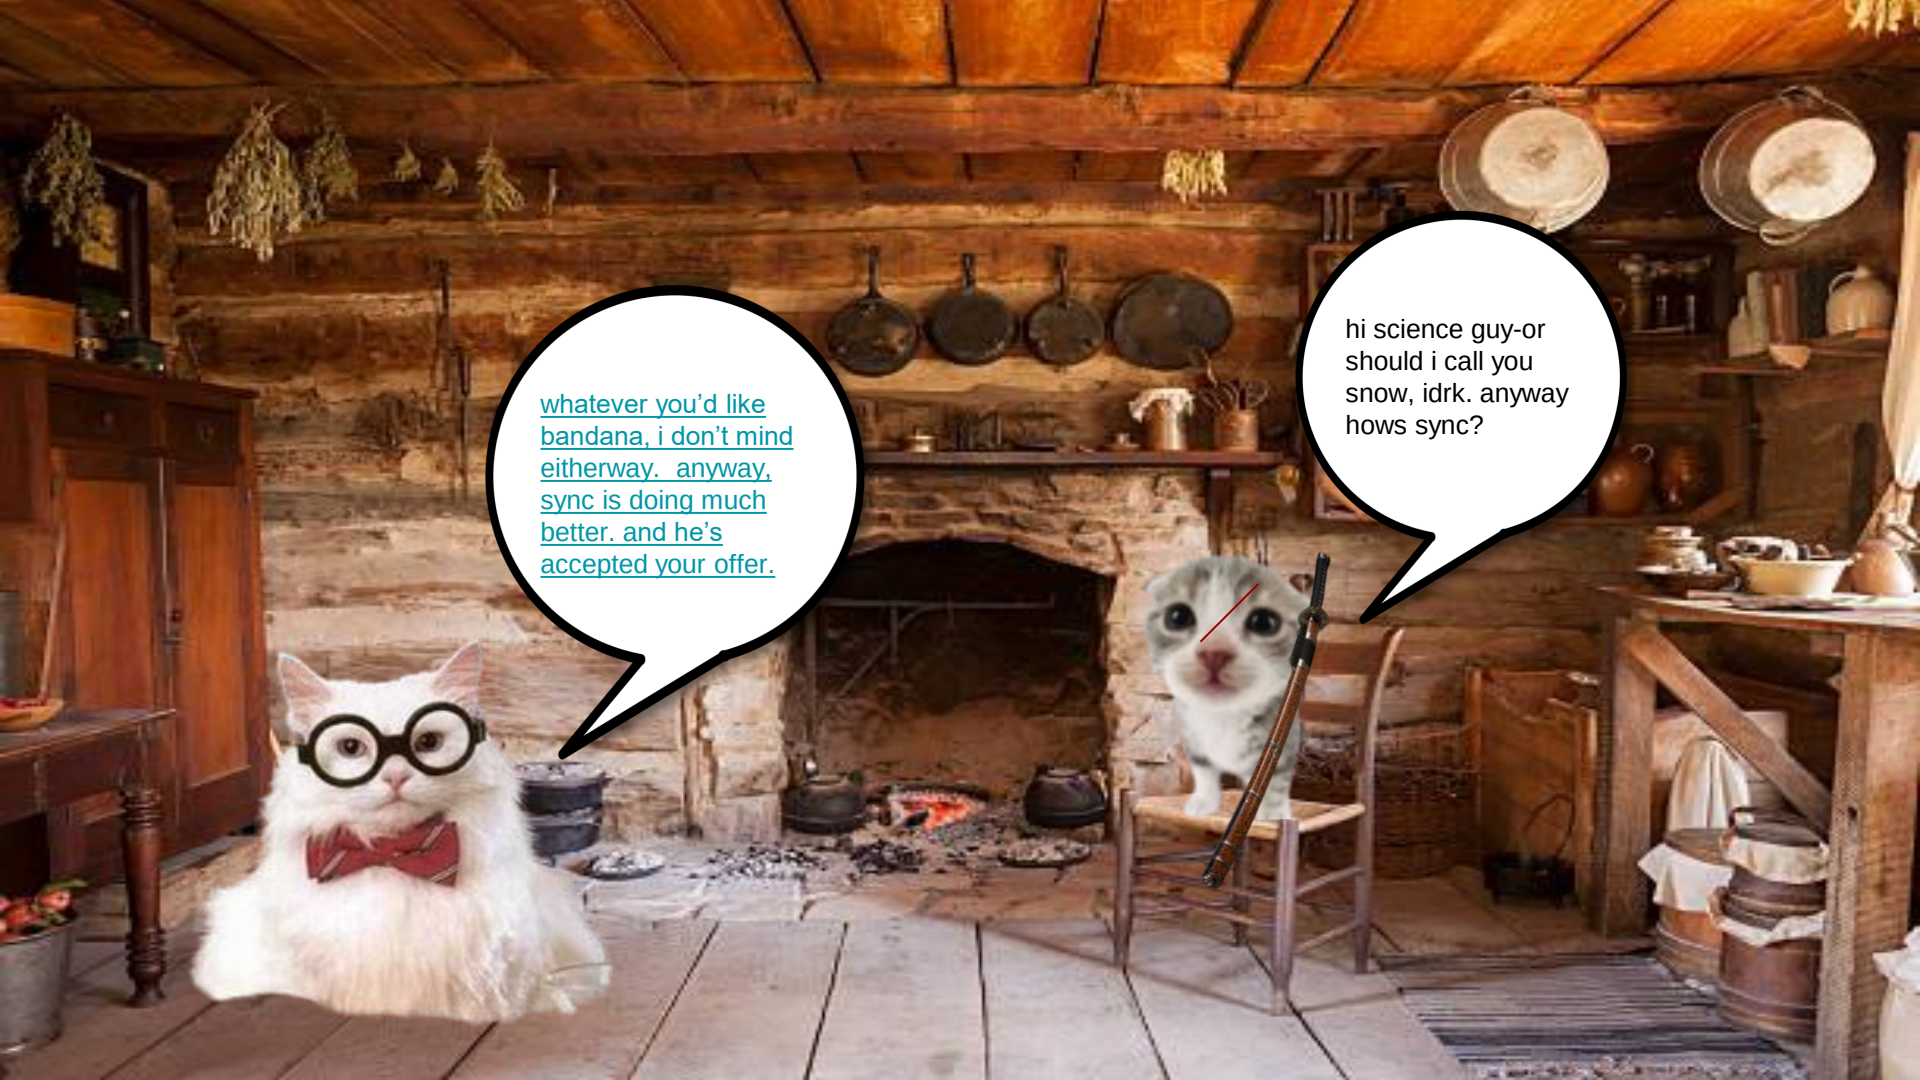
EXPEL

CONTINUE

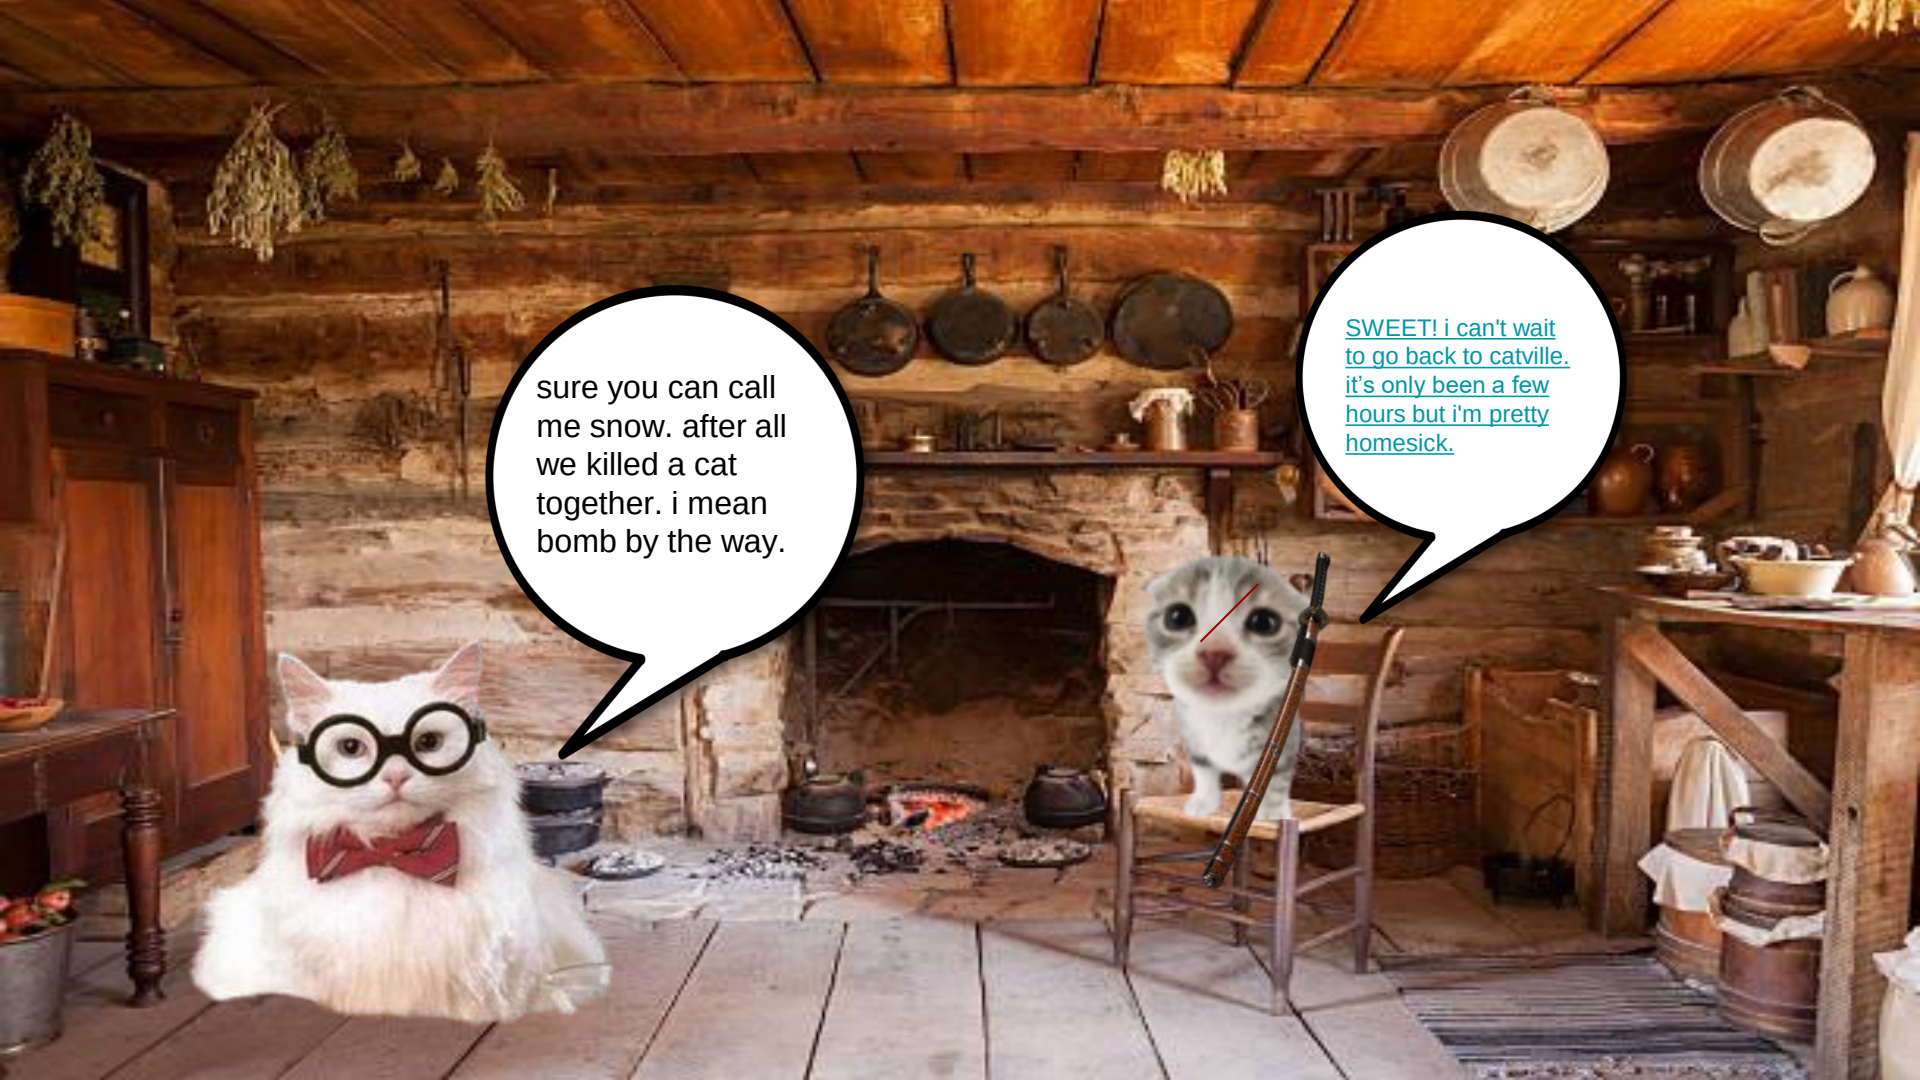


THREE HOURS LATER

i can’t believe how sick this katana is. sync is really cool.



whatever you'd like bandana, i don't mind eitherway. anyway, sync is doing much better. and he's accepted your offer.
hi science guy-or should i call you snow, idrk. anyway hows sync?



sure you can call me snow. after all we killed a cat together. i mean bomb by the way.
SWEET! i can't wait to go back to catville. it's only been a few hours but i'm pretty homesick.

oh, hello there sync!
yeah, it’s all gud jit. but lwky your pretty weak, no offense. since i’m the refiner, i also control reality as the glitch. so i’m gonna train you.
SYNC! thanks alot for coming with us!

that’s a bit rude sync.
perks of being the refiner, not only can i mold reality but i can mold time. we can train for a year yet never age, two, three, even hundreds.
HEY! I KILLED BOMB but sharky, rosie, the glitch… NEVERMIND! but how are we even supposed to train if we only have a day.

i might as well work on new technology. make myself stronger.
let’s start now, we’ll see how far you’ve advanced in a few years, and don’t worry about time, it’ll be like nothing happened.
WHAT? that’s sick! when can we start, how long?

i’m actually pretty excited for once.
there are many techniques you don’t know, and you’re sure to develop your own. so let’s get started bandana.
FOSHO! LES DO DIS!

HERE WE GO!!
alright, i've enabled the tear, shall we get training bandana?
BET!

FIVE YEARS LATER

Thirty Minutes in the real world.

time to finally get my revenge.
count me in zawg.
i think it's time we stop the glitch, sharky, and rosie.

WHAT THE HECK!?
SH@# anti-rosie place has been compromised. LET'S FIGHT.
IS THAT A ROSIE ROBOT!?

time for you to see my new technology.
bandana and snow show me what you learned.
THERE'S TWO!?!?

DIE.
i'm not helping at all you got this.
SCREW YOU THINGS.

ROSIE YOU SUCK.
goodjob bandana. snow keep pushing the code.
YES! TIME TO DIE.

YES MY TECHNOLOGY IS AMAZING!
ngl that seemed like ez wins.
LET'S GOOOOO!!

very smart. bandana, sync i think we're ready to face sharky.
BET!
you passed the test.
wait-THAT WAS A JUST A TEST?

THROUGH THE FOREST

At the border of Catville.

aight then, les do this bois. the new world is ahead.
